*These workshops will cover a wide range of fabric designing skills for **patchworkers and quilters as well as textiles teachers – or anyone who loves working with fabrics.** Discover how easy - and economical! - it is to design exclusive fabrics for sewing projects. We will cover some 'basics' to establish an understanding of our Genesis Creations™ products and skills, as well as a bunch of 'extras' that I know you will enjoy (and find useful!) Hands-on skills will be complemented by demonstrations, and a forum for you to ask questions and discuss extra ideas. Anne's 'former life' as a high school teacher has enhanced her ability to present an informative and relevant workshop program.*
