

**Inspirations  
can happen in  
the strangest  
of places ...  
even the  
bathtub!**

Genesis Creations™ owner Anne Mitchell acted on her dream for a colouring product that could achieve the vibrancy and beauty of traditional silk dyes without the complications of steaming them. The dream was also to create a colour that could be used on any fabric or fibre, from silks to synthetics, and across the range of polyester blends for use in 'dyeing' fabrics.

With the assistance of our paint technicians, YES, we DID IT ... we turned bathtub dreams into reality! ... called Liquid Radiance, made exclusively for us, here in Australia.

**Liquid Radiance ...**
