

PD Workshops for Textiles and Art Teachers – January 2024

HANDS-ON: Toowoomba – Thursday 4 till Saturday 6 Jan

PRAC + Demos via ZOOM: Monday 8 and Tuesday 9 Jan

I have redesigned these PDs to give you MORE SKILLS than we've ever done during workshops at HEIA Conferences and Regional programs, or in my Toowoomba Studio in the past.

Conducted by Anne Mitchell, owner of Genesis Creations™, and former high school teacher.

RANDOM COMMENTS from teachers who attended our HEIA Wshops:

- Wide variety of techniques and the presenter amazing
- Very hands-on, with take-home resources and samples
- Engaging, creative activities to use with students – directly applicable to the classroom
- Presenter very knowledgeable, happy to connect, and happy to help everyone get maximum learning experiences
- I decided to do the workshop at the last minute. BEST decision!
- Anne was brilliant, very knowledgeable. One of the best PDs I have ever attended.

HANDS-ON – BASICS and BEYOND – Thursday 4 January

“Safe, simple, and sustainable techniques for fabric designing in the classroom”.

This full day workshop will contain all the elements from HEIA programs, but with much more time to play instead of just an hour or two, there'll be plenty of opportunity to develop loads more skills and create a huge array of samples to inspire your students, then move on to the extensions with even more ideas and skills!

HANDS-ON – ADVANCED – Friday 5 & Saturday 6 January

Techniques will include spray painting, stripey socks, upcycling garments, printing techniques and Liquid Lustres, simple batik, discharge techniques, and more. I shall custom build these two days to the needs and interests of participants. It will be full steam ahead from the moment you arrive till you leave. You will gain the most from this workshop if you come for the three day continuous program!

PLEASE BRING

- [] LUNCH each day
- [] old hand towel
- [] extra white or light coloured fabric to play on
- [] patterned or printed fabric
- [] two t-shirts or blouses
- [] item of towelling to colour
- [] large (1/2 metre ish) pieces of fabric – cotton or polycotton
- [] 2 x plastic covered boards
- [] An 'extra items' list will be sent depending on the final list of 'custom-built' topics

Increase your skills in teaching our LRI! Zoom into my Studio – FREE PRAC Wshop

This is planned as a PRAC workshop so you can work on the skills as I demonstrate.

Bookings for both days will take precedence over bookings for one day only.

A Prep List will be sent when you register so you can have your gear ready to play.

There will be a half hour break for lunch during our program.

Please enter the meeting room 10 to 15 minutes before start time to 'look around' and chat with other participants, and me.

I use the 'Zoom meetings' platform to enhance your learning experience, with valuable Q and A time before and after the formal instructions. Numbers limited to max 10 per day.

FOR HANDS-ON: I'll provide many items for our creativity on our days together. The 'To Bring' list is to create even MORE samples.

TO REGISTER: Phone or email me with details. **DEADLINE:** Friday 15 December 2023.

TO MAKE YOUR PLASTIC COVERED BOARDS

Making up the boards is usually something we do on the day during prep time, and takes about 15 to 20 minutes. For your workshop/s I'm aiming to fit in as much colouring prac as possible during our time together. Please prepare your boards BEFORE you arrive to save time on the day.

YOU WILL NEED:

Strong cardboard, masking tape
Scissors – not 'good' ones

HOW TO:

1. Slide the cardboard into the plastic bag.
2. Fold over the edges of the plastic as if wrapping a flat parcel.
3. Seal the edges of the folds with masking tape completely to make it waterproof.

I look forward to sharing our skills with you in this very comprehensive workshop program!

Anne

Here's a quick look at just SOME of what you'll learn during our time together ...

NON-TOXIC AND NON-POLLUTING

SAFE ... SIMPLE ... SUSTAINABLE

MADE IN AUSTRALIA OWNED BY AUSTRALIANS

Liquid Radiance - Eight pure pigment colours from which you can mix ANY colour your heart desires!
 Colour concentrates MUST be diluted with water – you'll learn different dilutions during the workshops
 COLOURS ARE ... Totally washable and ironable, lightfast and colourfast - not even bleach will get the colours out!
 ... and can be used on ANY FABRIC or FIBRE whatsoever!
