

PD Workshops for Textiles and Art Teachers

(1) **HANDS-ON: Toowoomba – Wednesday 27 and Thursday 28 September 2023**

(2) **DEMO STYLE via ZOOM: Saturday 30 September 2023**

I have redesigned these PDs to give you MORE SKILLS than we've ever done during workshops at HEIA Conferences and Regional programs, or in my Toowoomba Studio in the past.

Conducted by Anne Mitchell, owner of Genesis Creations™, and former high school teacher.

RANDOM COMMENTS from teachers who attended the HEIA Wshops:

- Wide variety of techniques and the presenter amazing
- Very hands-on, with take-home resources and samples
- Engaging, creative activities to use with students – directly applicable to the classroom
- Presenter very knowledgeable, happy to connect, and happy to help everyone get maximum learning experiences
- I decided to do the workshop at the last minute. BEST decision!
- Anne was brilliant, very knowledgeable. One of the best PDs I have ever attended.

(1) HANDS-ON – BASICS and BEYOND - Wednesday 27 September '23

“Safe, simple, and sustainable techniques for fabric designing in the classroom”.

This full day workshop will contain all the elements from HEIA programs, but with four and a half hours to play instead of just an hour or two, there'll be plenty of time develop loads more skills and create a huge array of samples to inspire your students, then move on to the extensions with even more ideas and skills!

(2) HANDS-ON – ADVANCED – Thursday 28 September '23

Techniques will include spray painting, stripey socks, upcycling garments, printing techniques and Liquid Lustres, simple batik, discharge techniques, and more. I shall custom build these two days to the needs and interests of participants. It will be full steam ahead from the moment you arrive till you leave at 3 pm.

PLEASE BRING

- [] LUNCH each day
- [] old hand towel
- [] extra white or light coloured fabric to play on
- [] patterned or printed fabric
- [] two t-shirts or blouses
- [] item of towelling to colour
- [] large (1/2 metre ish) pieces of fabric – cotton or polycotton
- [] 2 x plastic covered boards
- [] An 'extra items' list will be sent depending on the final list of 'custom-built' topics

Want to increase your skills teaching Liquid Radiance? Then Zoom into my Studio!

*This is a continuous program, moving from morning topics to afternoon topics, covering similar information to the hands-on workshops above in **demonstration-style** presentations. Bookings for both sessions will take precedence over bookings for one session only. Participants are asked to enter the meeting room 10 to 15 minutes before start time to 'look around' and chat with other participants, and me. Everyone is muted during the demos, and invited to unmute after the presentation for questions and answers.*

I use the 'Zoom meetings' platform to enhance your learning experience, with valuable Q and A time before and after the formal demonstrations. Numbers limited to max 15 per wshp.

FOR HANDS-ON: I'll provide many items for our creativity on our days together. The 'To Bring' list is to create even MORE samples.

TO REGISTER: Phone or email me with details. DEADLINE: Friday 1st September 2023.

TO MAKE YOUR PLASTIC COVERED BOARDS

Making up the boards is usually something we do on the day during prep time, and takes about 15 to 20 minutes. For your workshop/s I'm aiming to fit in as much colouring prac as possible during our time together. Please prepare your boards BEFORE you arrive to save time on the day.

YOU WILL NEED:

Strong cardboard, masking tape
Scissors – not 'good' ones

HOW TO:

1. Slide the cardboard into the plastic bag.
2. Fold over the edges of the plastic as if wrapping a flat parcel.
3. Seal the edges of the folds with masking tape completely to make it waterproof.

I look forward to sharing our skills with you in this very comprehensive workshop program!

Here's a quick look at just SOME of what you'll learn ...
