Vibrant colours, fluorescent under UV light.

Yellow	Magenta	\$10.50
Orange	Green	each

Flats for Dark Fabrics

An opaque paint for complete cover on dark fabrics. Extra coats may be needed when fabric is very absorbent.

Yellow	Red	Pale Blue	
Hot Pink	Orange	Violet	\$12.50
Salmon Pink	Lime		each
Leaf Green	White		

Metallics and Pearl

Intense metal paint colours for light or dark fabrics

Gold	Silver	\$15.00
Copper	Pearl	each

ADDITIVES for FLAT PAINTS

FLAT PAINT THINNER (formerly 'Painting Medium')

Reduces the viscosity (thickness) of the Flat paints, for stencilling and brush techniques. **\$9.50**

REDUCER **\$10.50**

Clear paint base. For translucent colours on light fabrics, add paint to Reducer a little at a time till you achieve the desired colour.

RETARDANT **\$9.50**

Increases the drying time of the paint. Use up to 1 part Retardant to 5 parts Flat paint.

GLOSS

Add **Liquid Radiance** for Glass Painting.

Add Liquid Lustres to create resists for Silk Painting.

Brush it onto surfaces for a clear shiny 'varnish', or water it down for a semi-gloss finish. **\$9.50**

RUBBER ROLLERS / 'BRAYERS'

5 cm	13.00		10 cm	17.00		15 cm	25.00
------	-------	--	-------	-------	--	-------	-------

DIMENSIONAL PAINT RANGE

Acrylic Paints – in 36ml applicator bottles – use as resists in silk painting, and for craft applications.

GLITTERS **\$7.80**

Gold Silver Crystalina each

METALLICS (Raised Shiny – formerly 'Slicks') **\$7.80**

Gold Silver Gem Clear each

We are now supplying a selection of the Matisse range of Dimensional Paints – "3D KG" - in our classes and workshops. These carry the same guarantee as all our own formulation paints

At Genesis Creations™ we don't have LOTS of things to sell you in our product ranges.

But what we do have are the RIGHT 'TOOLS' FOR THE JOB. Our painting products are our own concept and manufactured exclusively for us.

Non-toxic and non-polluting, our products are all economical and simple to use.

OUR GUARANTEE is YOUR PROTECTION

All of our products are covered by our guarantee to you. If you are not completely satisfied with the quality and performance of any product, when used in accordance with its instructions, please return it to your Teacher who will either replace that product, or return to you in money the purchase price of that product. Consumable products will be dealt with on a pro rata basis. We allow you the protection of this guarantee for a period of twelve months from the date of purchase.

GENERAL INFORMATION

Caring for your Paints and Painted Items

- ❖ Paints should be stored in a cool place. (Do not refrigerate!) Fabric Art Paints may be stored nozzle up, or nozzle down. HINT: by keeping them upside down, they are always 'ready for action'! Liquid colours must be stored right side upwards.
- ❖ Genesis Creations™ Fabric Art paints ('Flat' paints) are formulated on a cold cure base, so do not require heat setting. Allow paint to cure in fabric for 72 hours before washing or ironing. Allow to dry naturally – do not hasten the drying period with a hair drier.
- ❖ To set the Liquid Range of colours – *Liquid Radiance* and *Liquid Lustre* – cover your work with a soft cloth when colour is dry, and iron on the reverse side for ½ to 2 minutes, with iron set at "Wool" temperature. Where Dimensional paints have been used as a resist in silk painting, or as enhancements, allow these paints to cure for 72 hours before heat setting.
- ❖ Before painting your fabric or garment, prepare the fabric by washing in tepid water (or in your washing machine) to ensure good bonding of paint to fabric. Do not use fabric softener before painting.
- ❖ When Flat paints are cured, they are fully washable. We recommend hand washing for the first 2 to 6 washes (depending on painting technique). It is then usually safe to progress to machine washing.
- ❖ To iron your painted work, set iron at the temperature relevant to the fabric you are ironing. ALL Genesis Creations™ Flat paints and Liquid Radiance are totally ironable. Where Dimensional paints have been used, set iron to 'wool' and use a patting action. Protect them with a soft cloth or appliqué mat.
- ❖ Cleaning Dispenser Bottles for Re-Use – rinse out any remaining loose colour. Rub an old soft toothbrush across a cake of soap. Insert it into the bottle and scrub until all traces of colour are removed. Rinse well to remove all traces of soap.
- ❖ Cleaning Dispenser Caps – soak the cap in hot water for a few minutes to soften it. Pop the top off by pulling it firmly. Clean the parts with a broken-off satay stick or cotton bud. Place large part of cap on a firm surface, then push the small section back in place until you hear a 'click'. It is now securely in place.
- ❖ PLEASE READ INSTRUCTIONS on all labels!
- ❖ For further assistance, contact our Genesis Creations™ Teacher whose name is on the front of this leaflet.
