PLEASE WEAR: Comfortable old clothes, sandals or joggers, and bring a hat.

TO MAKE YOUR PLASTIC COVERED BOARDS for Fabulous Fabrics Workshops [See reverse of this page]

Making up the boards is usually something we do on the day during prep time, and takes about 15 to 20 minutes. For your workshop/s I’m aiming to fit in as much colouring prac as possible during our time together. Please prepare your boards BEFORE you arrive to save time on the day.

YOU WILL NEED:

Strong cardboard
Scissors – not ‘good’ ones
Masking tape

HOW TO:

1. Slide the cardboard into the plastic bag.
2. Fold over the edges of the plastic as if wrapping a flat parcel.
3. Seal the edges of the folds with masking tape completely to make it waterproof.

MASKING TAPE HINT: If your masking tape is a little old and cranky, and reluctant to come off the roll, pop it in the microwave for 10 seconds on high to rejuvenate it. Unroll it gently while it is still warm, but it should settle down happily when it is cool again. If this doesn’t help, put it in the bin and buy more!

ENTRANCE TO MY STUDIO is via the double garage (studio!) door in Wiemers Crescent. Door will be open around 15 minutes before workshop starts each day. In case of wet weather, come along the side path off the car tracks and enter via the back roller door. Please also note that our back patio tiles are slippery when it is wet, so wear shoes with non-slip soles. My Asics and Crocs shoes and sandals are safe on the patio in ANY weather ☺.
