The workshop on Monday (see above) is perfectly suitable
for teaching skills for use in the textiles or art classroom,

Because of my commitments with quilting groups in

separate workshops similar to the HEIAQ programs.

- Piece of plumber's pipe 10 to 15 cms diameter and approx 40 cms long
- Two large plastic covered boards at least 50 cm x 60 cm – as big as you can fit into your car easily, laying them flat

**PLEASE WEAR: Comfortable old clothes, sandals or joggers, and bring a hat.****TO MAKE YOUR PLASTIC COVERED BOARDS:**

Making up the boards is usually something we do on the day during prep time, and takes about 15 to 20 minutes. For your workshop I'm aiming to fit in as much colouring prac as possible during our time together. Please prepare your boards BEFORE you arrive to save time on the day.

YOU WILL NEED:

Strong cardboard
Scissors – not 'good' ones
Masking tape

HOW TO:

1. Slide the cardboard into the plastic bag.
2. Fold over the edges of the plastic as if wrapping a flat parcel.
3. Seal the edges of the folds with masking tape completely to make it waterproof.

MASKING TAPE HINT: If your masking tape is a little old and cranky, and reluctant to come off the roll, pop it in the microwave for 10 seconds on high to rejuvenate it. Unroll it gently while it is still warm, but it should settle down happily when it is cool again. If this doesn't help, put it in the bin and buy more!
